

WP 0909

COMPLETE BIO CARE

Biological cleaner for kitchens and drains, eats away fat and scale deposits whilst tackling odours

BENEFITS

- Effective across a temperature range of 10 – 40°C.
- Contains variants of subtilis bacteria which are harmless and commonly found in nature
- Digests short chain (volatile) molecules (i.e. eats smells)
- Over time will establish colonies in grease traps etc. so will continue to work.

PRODUCT SIZES

- 5 litres
- 20 litres

DESCRIPTION

A triple blend of bacteria, specially bred to give an enzyme spectrum that will break down fats, soaps, proteins and starches that can accumulate in kitchen pipes and drains.

One of the strains of bacteria is the same used in our odour treatment (odour eliminator) and so this product is effective at treating malodours from kitchen drains and pipes.

INSTRUCTIONS FOR USE

For best results dose kitchen pipes and drains at the end of the shift.

Dose if using peristaltic pump: Between 50 – 100 ml.

Dose by hand: 100ml.

Can be used in shower trays and baths where soap residues are likely to catch hair and start a blockage.

PHYSICAL PROPERTIES

Colour: Light green.

Appearance: Liquid.

Odour: Odour relevant to fragrance.
Pleasant (perfume).

Solubility: No data available.

Boiling point: ~100°C.

Flash point: ~65°C.

Flammability: Non – flammable.

Density: 1.042g/cm³.

pH: 1.5.

HEALTH & SAFETY

Hazard pictogram (CLP):

Hazard statements (CLP):

H319 – Causes serious eye irritation.

Precautionary statements (CLP):
