

C308

4WAYT

Effective toilet cleaner and descaler.

BENEFITS

- Kills harmful bacteria.
- Removes limescale, phosphate deposits and uric acid build-ups.
- Cleans to a sparkling finish.
- Removes dirt, grime, grease, mould and algae.
- Inhibits metal attack.
- Suitable for ceramic and plastic toilets.

DESCRIPTION

4 Way T is a liquid toilet cleaner and descaler containing special additives to aid penetration and to control the growth of bacteria.

It is a pleasantly perfumed acidic formulation, inhibited to minimise metal attack.

It also rapidly removes algae growth, uric acid and phosphate deposits which form unsightly accumulations in and around toilets, urinals and other sanitary fittings.

4 Way T is suitable for use on all ceramic and plastic sanitary equipment. Its regular use will maintain deposit free, sparkling, hygienic fittings and associated pipe-work, using minimum labour and without the use of harsh abrasives.

Also useful for cleaning swimming pool surrounds, saunas etc. When used on vitreous enamel baths always dilute with 2 parts water to 1 part 4 Way T.

PRODUCT SIZES

- 1 litre
- 5 litres

INSTRUCTIONS FOR USE

For WC – add 50ml of 4 Way T to the water in the bowl, agitate with a brush and then flush away.

For regular use: Dilute 4 Way T with 6 parts water, for heavy deposits and staining.

NOTE: avoid close contact of the concentrate with chrome, brass fitting and stainless steel.

HEALTH & SAFETY

Hazard pictograms (CLP):

Hazard statements (CLP):

H315 – Cause skin irritation.
H319 – Causes serious eye irritation.
H412 – Harmful to aquatic life with long lasting effects.

PHYSICAL PROPERTIES

Colour: Green.

Appearance: Viscous liquid.

Odour: Odour relevant to fragrance.

Solubility: Soluble in water.

Boiling point: No data available.

Flash point: No data available.

Flammability: Non-flammable.

Density: 1.05g/cm³.

pH: <1.
