

# BIO BLOCKS

Biological urinal blocks

## BENEFITS

- Prevents build-up.
- Kills biological odours.
- Pleasant fragrance.
- Water soluble to prevent blockages.
- Flush less so save water.
- Cleans traps and pipes.
- Environmentally friendly – biological and biodegradable.

## DESCRIPTION

Bio Blocks degrade organic waste and uric scale that causes both odours and blockages. Bio Blocks contain special bacterial cultures that clean and deodorise urinal traps and pipes while enabling great savings of water.

Whilst we do not advocate 'waterless urinals' a typical urinal need only be flushed three times each day when using Bio Blocks.

Bio Blocks are 100% biodegradable and better for the environment. They are water soluble so if they get stuck in the drain, they will disintegrate.

Suitable for use in public buildings, schools, institutions, hotels, pubs, clubs and restaurants.

## PRODUCT SIZES

- Tub containing 50 blocks.

## INSTRUCTIONS FOR USE

1 block per urinal or 1 block per metre of trough (trough urinals).

## PHYSICAL PROPERTIES

**Colour:** Blue.

**Appearance:** Solid.

**Odour:** Characteristic.

**Solubility:** Soluble in water.

**Boiling point:** No data available.

**Flash point:** No data available.

**Flammability:** Non-flammable.

**Density:** No data available.

**pH:** No data available.

## HEALTH & SAFETY

**Hazard pictograms (CLP):**

**Hazard statements (CLP):**

H315 – Causes skin irritation.

H317- May cause an allergic skin reaction.

H319 – Causes serious eye irritation.

H412 – Harmful to aquatic life with long lasting effects.

**Precautionary statements (CLP):**

P261 – Avoid breathing dust/fume/gas/mist/vapour/spray.

P264 – Wash hands thoroughly after handling.

P272 – Contaminated work clothing should not be allowed to leave the workplace.

P273 – Avoid release to the environment.

P280 – Wear eye protection, protective gloves.

P302+P352 – IF ON SKIN: Wash with plenty of water.

P305+P351+P338 – IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing.

P332+P313 – If skin irritation occurs: Get medical advice/attention.

P333+P313 – If skin irritation or rash occurs: Get medical advice/attention.

P337+P313 – If eye irritation occurs: Get medical advice/attention.

P362+P364 – Take off contaminated clothing and wash before reuse.

P501 – Dispose of contents/container to a hazardous or specialist waste collection point in accordance with local, regional, national and/or international regulation.

**Hazardous ingredients:**

Terpinolene, (R) -p-mentha-1,8-diene, d-limonene.

**EUH210 – Safety Data Sheet available on request.**
