

WP 8742

CLEANBRITE ITFR

Pressure washer additive that is safe on all paint types

BENEFITS

- Excellent for cleaning chassis and engines, using pressure wash equipment.
- Highly concentrated giving great economy.
- Highly effective, reducing the need for physical agitation.

PRODUCT SIZES

- 20 litres
- 210 litre barrel

DESCRIPTION

Cleanbrite ITFR is a combination of surface-active ingredients, sequestrants and alkaline builders designed for use in the cleaning of vehicles, metals and concrete surfaces.

Ideally Cleanbrite ITFR should be used in a pressure washer with hot or cold water.

The use of Cleanbrite ITFR removes the need for mechanical agitation in vehicle cleaning by this technique and rapidly lifts, disperses and removes traffic film.

INSTRUCTIONS FOR USE

Best results are achieved at very low concentrations.

In pressure wash equipment dilutions and machine settings should be used to give an ultimate dilution between 300:1 and 600:1.

The diluted product should be applied liberally to the surface and then finally washed away with clean water to leave a perfectly clean vehicle. Leathering is not normally required.

PHYSICAL PROPERTIES

Colour: Light yellow.

Appearance: Yellow liquid.

Odour: Characteristic.

Solubility: Soluble in water.

Boiling point: No data available.

Flash point: No data available.

Flammability: Non-flammable.

Density: 1.08g/cm³.

pH: >13.

HEALTH & SAFETY

Hazard pictogram (CLP):

Hazard statements (CLP):

H315 – Causes skin irritation.

H319 – Causes serious eye irritation.

Precautionary statements (CLP):

P264 – Wash hands, forearms and face thoroughly after handling.

P280 – Wear protective gloves, protective clothing, eye protection, face protection.

P302+P352 – IF ON SKIN: Wash with plenty of water.

P305+P351+P338 – IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing.

P332+P313 – If skin irritation occurs: Get medical advice/attention.

P337+P313 – If eye irritation persists: Get medical advice/attention.

P362+P364 – Take off contaminated clothing and wash before reuse.

Hazardous ingredients:

EUH210 – Safety Data Sheet available on request.
