MEDICATED SKIN CLEANER

Liquid soap removes stubborn dirt and grime from skin without harsh abrasive

BENEFITS

- pH neutral – which prevents skin dryness.
- Removes many stubborn stains including grease and ink.
- Can be used on hands and body.
- Great alongside an abrasive pumice cleaner.
- To restore pH balance of the skin.

PRODUCT SIZES

- 1 litre
- 5 litres

DESCRIPTION

Medicated skin cleaner penetrates deep into the skin's pores, where it effectively dissolves and removes stubborn deposits and stains.

Contains special skin conditioning additives that help prevent skin from drying out and cracking. Does not remove the skin's natural oils and will leave your hands feeling soft and smooth. Can even be used on the body and face.

For workshops and other industries we recommend using Medicated Skin Cleaner alongside one of our pumice hand cleaners so you can remove tough stains without drying the skin

INSTRUCTIONS FOR USE

Apply solution to hands and work well into skin around and under the nails. Rinse off water.

After drying hands will be clean and soft with a smooth feeling.

PHYSICAL PROPERTIES

Colour: Amber.

Appearance: Viscous liquid.

Odour: Pleasant (perfume).

Solubility: No data available.

Boiling point: No data available.

Flash point: No data available.

Flammability: Non-flammable.

Density: 1.02g/cm³.

pH: 7.
