

# ANTIFOAM WP 2119

Antifoam removes foam caused by cosmetics, body oils & detergents from hot tubs, spas & swimming pools

## BENEFITS

- Specifically designed for hot tubs, spas & swimming pools
- Removes foam caused by build-up of cosmetics, body oils & detergents
- Can be used as a shock treatment
- Suitable for bromine and chlorine users.

## DESCRIPTION

A specially designed antifoam, for use in hot tubs, spas and swimming pools. It removes foam which can be caused by contaminants such as cosmetics, detergents and natural oils from the body.

Antifoam can be used regularly as part of your maintenance programme, or it can be used as a shock treatment if you have a sudden build-up of foam.

It is safe to use in hot tubs that use bromine or chlorine treatments.

## PRODUCT SIZES

- 1 litre

## INSTRUCTIONS FOR USE

Add 50ml to the foaming area as required.

Run jets to help circulate solution for 30 seconds

Add more antifoam if spa/pool has excessive foam

## PHYSICAL PROPERTIES

**Colour:** White

**Appearance:** White liquid

**Odour:** slight

**Solubility:** No data available

**Boiling point:** 100°C

**Flash point:** No data available

**Flammability:** Non-flammable

**Density:** 1g/cm<sup>3</sup>

**pH solution:** No data available
